

CEDAR VALLEY MIDDLE SCHOOL BAND ADVANCED BANDS END OF YEAR MEMO

***School Issued Instruments must be on campus by 8:00 am, Thursday, May 18, 2017**

We have secured the services of several local repair companies to come in and assess every instrument to determine needed repairs.

Failure to have the instrument on the campus will result in the parent/guardian taking the instrument/s to each vendor and getting a repair estimate. Students are encouraged to thoroughly clean, lubricate, vacuum the case, and remove mouthpiece, reeds, and supplies before bringing the instrument/s in for assessment. *You will be responsible for any damages that are not normal wear and tear related.*

All repair bills must be paid in full by Friday, May 27, 2016.

Summer horns will be issued to students the last week of school during regular class time.

Please note, students going to high school will need to contact the head band director at the campus they will be attending in the fall for a school issued instrument.
